

The cross we carry

Is difficult to bear

Lord, this cross is too heavy for me to carry

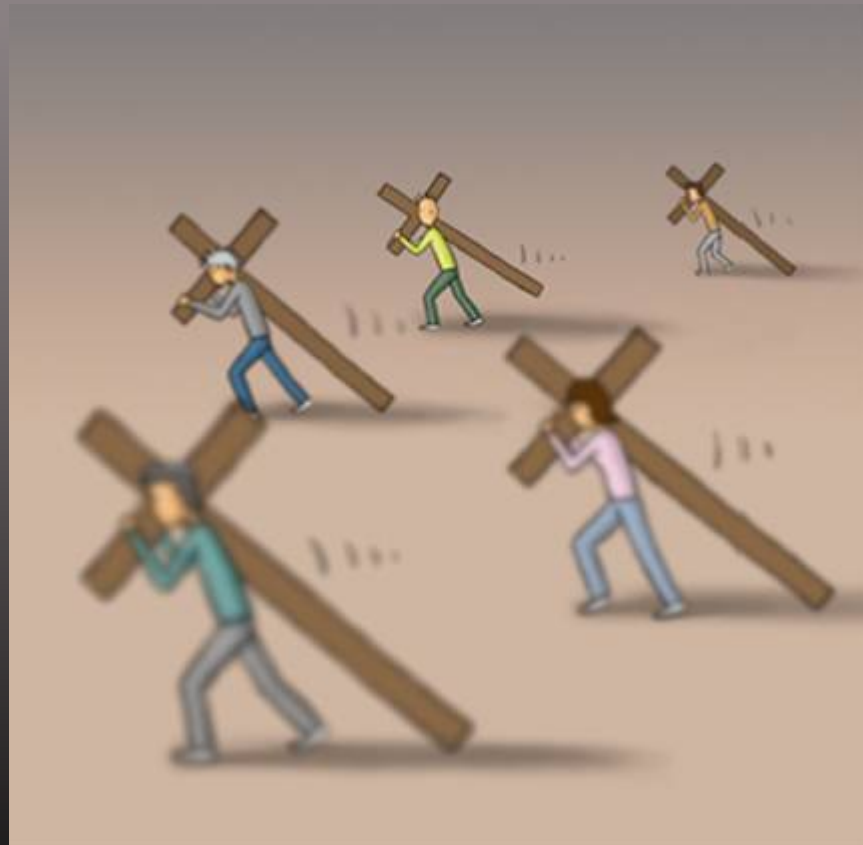

So, I will cut it short

This cross is not so heavy now

Now it's easy to carry

Lord this is still too heavy

I will cut it even shorter, so that I can carry it better

Lord, thank you so much,

And he goes on,

He faces a challenge

While others use the cross they carried, as a bridge

My cross is too short that I can not cross

Unable to cross he waits in frustration
